

Celebrate Earth Day!

ACROSS

- 2 The surroundings of an animal, plant, or person
- 5 Layer that protects Earth from UV rays
- 7 Use less - only what you need
- 8 Weather conditions over time
- 9 Energy that comes from the sun
- 11 Make your trash reusable
- 12 H₂O
- 13 Earth is one that circles the sun
- 14 Power to do things

DOWN

- 1 Protect something from harm
- 3 Celebrated on April 22nd each year
- 4 Large leafy plants that make oxygen
- 5 Where fish and whales live
- 6 Ride one of these to save gasoline
- 10 The color that represents Earth-friendly choices
